RIFLE RANGE IMPROVEMENTS

New Executive Building and Two Additional Rifle Butts

ANNUAL SHOOT BRINGS 250 MEN IN CAMP

Will be Held From Sept. 23 to October 1st

They are getting ready for the big shoot and for many repetitions of the big shoot on the Earlinton Rifle Range. Two new rifle butts are being constructed and an executive building is being erected. This building will be a three room frame structure with an eight foot veranda around three sides. All the rifle butts on the range are being reformed and repaired and put in perfect condition by the representatives of Uncle Sam, who foots the bills, chief of which representatives on the ground at this time is Major Henry Rogers. Contracts for this work contain the stipulation that it must be completed and ready for use by the 23rd instant, on which date the teams will arrive from all over the state to take part in the annual competitive rifle practice. The construction of the two new rifle butts will change the arrangement so that there will be one common firing line for all ranges except the 1000 yard range. On this common firing line 48 men can be at practice at one time. Barnett & Co. have the contract for all the work except the Executive building, which is being erected by Bob Stinebaugh.

There will be probably 40 rifle teams camped here and at practice. These, with the men employed in the pits, will total more than 250 men. The encampment begins Sept. 23rd and ends Oct. 13th, on which date the winning contestants will leave Earlinton for Jacksonville Fla., to take part in the National Shoot. There are six men to each team, one team from each company of the National Guard in Kentucky. In addition the non-commissioned officers of each regiment are entitled for form a team. There will be 19 men in the party to go to Jacksonville. Earlinton has in the past had good representation on the victorious team and is expected to be there with the goods again this year. The work of improvement on the range is further assurance of the permanency of the military establishment hereabouts.

TAX REFORM

NOT A POLITICAL QUESTION

The Tax Amendment to be voted on at the November Election is endorsed by all classes of Citizens regardless of Party affiliations as the following extracts from the Platforms of the three principal political organizations clearly indicate.

All political parties favor Reform in the Tax Laws and this is one issue on which all agree. Every voter should vote "yes" for the Tax Amendment as no reform is possible without its adoption no matter which party wins.

DEMOCRATIC PLATFORM

"We favor the adoption of the Tax Amendment to the Constitution to be voted on at the regular November Election. We favor a wise Revision of our Tax Laws so as to distribute the burdens of taxation among the Tax Payers of the State."

REPUBLICAN PLATFORM

"We favor the adoption by the people of the Constitutional Amendment enlarging the power of the General Assembly on the matter of Taxation and a thorough revision of the Tax Laws which will equally distribute the burdens of Taxation and invite capital."

PROGRESSIVE PLATFORM

"We denounce the inequitable unjust and inefficient system of Taxation in Kentucky and pledge ourselves to enact a law equalizing the burden of taxation and doing away as far as possible with double taxation."

ASTOUNDED OVER DUMBA'S AVOWAL

Austrian Ambassador Has Advised Strikes in Arms Factories

Washington, Sept. 6. — The White House and the state department continued to preserve strict silence today on the published statement of Ambassador Dumba of Austria that he had taken part in a movement to curtail production of war materials in the United States by reminding Austro-Hungarian subjects that they were violating the criminal code of their native land by accepting employment in the munition plants.

The ambassador's frank statement of his activities, however, was received with undisguised surprise in official circles, as well as among other diplomats.

Admittedly the situation was regarded as one of the most unusual and susceptible of development that has arisen in diplomatic quarters since the outbreak of the war.
